Registered Charity No. 1137029

Ever since Dr Falk Pharma was founded as a small family pharmacy, we've always believed in the power of shared understanding to improve patient outcomes.

With this philosophy at heart, the Dr Falk/Guts UK awards celebrate those who bring new knowledge and insight to the fields of gastroenterology, hepatology and pancreatology.

Now in their 19th year, the awards offer national recognition for contributions to research and patient care and provide financial support for this crucial work.

* PhD students should note that they may apply for the medical student prize only once during their three-year studentship and that they may apply for the essay prize when their PhD has been completed.

Could you be a candidate for one of these prizes?

A £1,000 prize for UK-based pharmacists in gastroenterology (including hepatology and pancreatology) for initiatives that have improved patient care

A £1,000 prize for the best essay on gastroenterology, hepatology or pancreatology research personally undertaken by medical students who were on an intercalated BSc/MRes/MSc/MPH/MBPhD* course during the previous academic year 2022/23

Four £1,500 prizes for medical students taking full-time science degrees (BSc/MRes/MSc/MPH/MBPhD*) focusing on gastrointestinal or liver-related disease in the current academic year 2023/24

Two £2,500 awards for F1/F2 doctors to facilitate prospective research in an area relevant to gastroenterology, hepatology or pancreatology

A £1,000 award for primary and secondary care specialist nurses working in gastroenterology, hepatology and pancreatology for initiatives that have improved patient care (*nominate your colleague today for this award*)

A £1,000 award for dietitians working in gastroenterology / hepatology / pancreatology for initiatives that have improved patient care

SpR Trainee Audit/Quality Improvement Awards

Up to £10,000 available for UK-based gastroenterology / hepatology / pancreatology speciality trainees who would like to conduct an audit or quality improvement project in any area of gastroenterology, liver disease or nutrition

Together we know more.
Together we do more.

The application deadline is Monday 12th February 2024
