affiliated with ECCO.

## Navigating Ulcerative Proctitis:

# Insights into Symptoms, Therapies, and Innovations

Dear colleagues,

We cordially invite you to the Dr. Falk Pharma Satellite Symposium at Congress of ECCO 2024. Ulcerative Proctitis is often an underestimated disease with a significant impact on patients' quality of life. Unfortunately, this indication is not adequately represented in clinical trials and literature. In our session, the following speakers will provide a concise yet comprehensive update on Ulcerative Proctitis and its current and future treatment options:

**Dr. Johan Burisch, Copenhagen, DK**

**Prof. Gerhard Rogler, Zurich, CH**

**Prof. Jørgen Jahnsen, Oslo, NO**

Join us in **room A12** to gain a comprehensive understanding of Ulcerative Proctitis and engage in an **interactive discussion afterwards**, delving into every day practical cases, and different treatment approaches.

We look forward to your participation and to see you at Congress of ECCO 2024.

Dr. Johan Burisch and Prof. Gerhard Rogler  
(Scientific organizers)

**Organized by Dr. Falk Pharma GmbH**

The (invitation to the) event does not constitute an inducement to purchase, supply, sell, prescribe and/or use any products from our company and/or affiliated companies and is being carried out irrespective of such decisions made by you or your employer. The speakers and the scientific organizer will disclose any conflicts of interest to the participants during the event. Please check whether you need to obtain your employer's permission to attend the event. If you attend the event, Dr. Falk Pharma GmbH will assume that you have received the required employer's permission.
